NELSON MANDELA
UNIVERSITY

Faculty of Engineering, the Built Environment and Technology (EBET)
STUDY DELIVERY

Combination of mask-to-mask **on campus and online,** with some being **fully online**

Qual Code	Qualification Name	FT PT	Year	Should students be on campus at the start of Semester 1, 2022?
10040	BAS	F	ALL	Yes, students must be on campus for semester 1
10150	AdvDip (Architectural Design)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
10151	AdvDip (Architectural Technology)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
10570	AdvDip (Interior Design)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
1252	Dip (Architectural Technology)	F	ALL	Yes, students must be on campus for semester 1
1552	Dip (Interior Design)	F	ALL	Yes, students must be on campus for semester 1
3224	Dip (Information Tech: Software Dev)	F	Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
3227	Dip (Information Tech: Comm Networks)	F	Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
3228	Dip (Information Tech: Support Serv)	F	Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
3262	Dip (Building)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3366	Dip (Engineering: Electrical) P1 and P2 Only in 2021	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
3369	Dip (Engineering : Electrical) Extended P1 and P2 in 2021	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
3706	Dip (Engineering: Industrial)	F		
4261	BTech (Quantity Surveying)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)

* Indicates that some M2M sessions will be required

Qual Code	Qualification Name	FT PT	Year	Should students be on campus at the start of Semester 1, 2022?
4281	BTech (Construction Management)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
4333	BTech (Eng: Civil: Transportation Eng)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4335	BTech (Eng: Civil: Urban Engineering)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4365	BTech (Eng: Electrical)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
45603 (no new intake)	BSc (Construction Studies)	F		Yes, students must be on campus for semester 1
47002 (no new intake)	BSc (Construction Economics)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4712	BTech (Eng: Mechanical)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
4712	BTech (Eng: Mechanical)	P		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
4722	BEng (Mechatronics)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
70003	HCert (IT) (User Support Services)	F	ALL	Yes, students must be on campus for semester 1
70005	HCert (Mechatronic Engineering)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
70007	HCert (Renewable Energy Engineering	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71000	Bachelor (Human Settlement Development)	F	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
71010	BEngTech (Civil Engineering)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71020	BEngTech (Electrical Engineering)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71030	**BEngTech (Industrial Engineering)***	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71040	**BEngTech (Mechanical Engineering)***	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71050	BSc (Construction Studies)	F		Yes, students must be on campus for semester 1
71055	BEng (Mechatronics)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments

* Indicates that some M2M sessions will be required

Qual Code	Qualification Name	FT PT	Year	Should students be on campus at the start of Semester 1, 2022?
71060	BEngTech (Marine)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71500	**AdvDip (Quality Management)***	P	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71510	**AdvDip (Operations Management)***	P	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71511	AdvDip (Information Technology)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71520	AdvDip (Construction Management)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
71530	AdvDip (Quantity Surveying)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
72001	BIT	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
72020 (no new intake)	BSc (Construction Economics)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
72021	BSc(Const.Econ:Quant.Surv. Fin&Bus Mgt	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
7224	Dip (Information Tech: Software Dev)	F	First years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
			Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
7226	Dip (Building)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
7227	Dip (Information Tech: Comm Networks)	F	First years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
			Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
7228	Dip (Information Tech: Support Serv)	F	First years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
			Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
7755	**Dip (Operations Management)***	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments

* Indicates that some M2M sessions will be required

Qual Code	Qualification Name	FT PT	Year	Should students be on campus at the start of Semester 1, 2022?
70007	HCert (Renewable Energy Engineering	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
11068	BAS (Hons)	F	ALL	Yes, students must be on campus for semester 1
73520	BEng Tech Hons (Electrical Engineering)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
73545	**BEng Tech (Hons) (Mechanical Engineering)***	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
73530	**BEng Tech (Hons) Industrial Engineering***			Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
15070	MArch	P	ALL	Yes, students must be on campus for semester 1
16505	PhD (Architecture)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
		P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
43002	MArch (Professional) Coursework	F		Yes, students must be on campus for semester 1
45601	BScHons (Construction Management)	F		Yes, students must be on campus for semester 1
47003 (no new intake)	BScHons (Quantity Surveying)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
47101 (no new intake)	MSc (Construction Economics)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
		P		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47600	MSc (Construction Management)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
47650	MSc (Built Env: Facilities Management)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
47651	MSc (Built Env: Property Ec & Valuation)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
47652	MSc (Built Env: Project Management)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
47653	MSc (Built Env: Construction Man)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
47654	MSc (Built Env) Constr H&S Management	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments

* Indicates that some M2M sessions will be required

Qual Code	Qualification Name	FT PT	Year	Should students be on campus at the start of Semester 1, 2022?
47700	PhD (Construction Management)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
		F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
73003 (no new intake)	BScHons (Quantity Surveying)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
73004	BScHons (Quantity Surveying)	F	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
73540	BScHons (Construction Management)	F		Yes, students must be on campus for semester 1
75010	MSc (Construction Economics)	F		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
		P		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75011	MSc (Construction Management)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75020	MSc (Built Env: Facilities Management)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75021	MSc (Built Env: Property Ec & Valuation)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75022	MSc (Built Env: Project Management)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75023	MSc (Built Env: Construction Management)	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75024	MSc (Built Env) Constr H&S Management	P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75050	MPhil(Information Technology Governance)	P	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75052	MIT	F	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
		P	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75053	Master (Operations Management)	P		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75055	MEng (Mechatronics)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments

* Indicates that some M2M sessions will be required

Qual Code	Qualification Name	FT PT	Year	Should students be on campus at the start of Semester 1, 2022?
		P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75058	MEng (Electrical)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
		P		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75059	MEng (Mechanical)	F		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
